RULES:

DISCOVERY: journal and report may be done in "Power Point", "Quicktime", "Word" or "PDF" formats. (use e-mail, CD, DVD, MiniDV). **Deliver to us** by **e-mail** (diane@firstfuelcells.com) or by registered mail to: FirstFuelCells.com, 11163 Blossom Ave., Parma Hts., Oh 44130, postmarked by midnight deadline of **Nov 30,2006**. We have 20 states in this competition, please label your work by state, high school, team name & number. With permission, include a **photograph(s) of your team** with small sign showing your school name, team name and number, and date. (team photo can consist of mentors, teachers, sponsors, students and all those who are helping out - **have fun!**)

● **OPTIONAL:** If over the next 5 months you have created a web sight with your research, we can post it on our web sight FirstFuelCells.com

● **FUEL CELL KIT includes:** two 10 cell stack kits to build one 20 cell stack or two 10 cell stacks, standard kit tray, DVD, instructional manual, high performance MEAS, including hardware to assemble, metal hydride canister pre-charged with 70 liters of hydrogen, interconnect kit with pressure regulator, valve, fittings, tubing and safety information

NOTE TO SPONSORS: Donation Forms are available for Individual Donations, Self-Sponsoring teams and Corporate Sponsors - **THANK YOU!**
